

Full-Time Package

Grade 7 @ R 3 200.00 per month

Grades 8-10 @ R 3 600.00 per month

DEAR FULL-TIME STUDENT:

This package is tailored made just for you. Become a part of the distinguished Praxis Online community of academic students. Thrive in a vibrant, virtual and interactive society, whereby participation and engagement between both teacher and student is key. Offering a fully structured timetable, with live lessons from 8:45am – 14:15pm daily, including attending of morning assemblies, Praxis Online School strives to offer you best quality of education possible, without the hassle and anxiety of physically attending school. We operate exactly as a normal school does, except it is done via an online platform. You will have access to highly qualified teachers whom you may interact with, and world class lessons from the comfort of your own home. We aim to have a maximum of just fifteen students per class, hence providing you with undivided attention and exclusive support. Additionally, all of the live classes that you attend, will be recorded and be made accessible for revision purposes. Over and above receiving support from teachers and facilitators, you will also receive additional support specifically with Mathematics, via the Mindspark programme, which is included in the fees. Let us not forget our Access Points, which are based nationwide. You will have access to these campuses should you wish to use them at any point in time. Our Access Points have full Wi-fi capability and makes use of an on-site supervisor.

Just to recap:
